9. Career or Academic Accomplishments and Future Plans (Please refer to 'Guidance Notes' Paragraph 91)**Official use only**

Please summarise below in not more than 500 words your key career or academic accomplishments, your future plans in Hong Kong and other information which you think we should take into consideration when assessing your application. Do not write on any separate sheet.

My name is Ji Shi and it is my great honor to be able to apply for the QMAS program. I graduated from the University of Toronto with a Bachelor of Commerce degree (with High Distinction), and London School of Economics and Political Science with a Master of Science in Finance & Economics (with Merit), as well as Master of Arts in Mathematics of Finance from Columbia University.

I have completed three levels of the Chartered Financial Analyst (CFA) exam, which is the most widely recognized professional designation in the financial industry. I worked in the investment industry in the United States and Hong Kong, where I gained a comprehensive body of knowledge on the global investment industry.

After my work experience in trading divisions at investment banks, I have been running my own proprietary trading startup where I conduct quantitative research on investment strategies, implement the strategies through a self-built, highly sophisticated and robust trading system. My next plan in HK will be to able to start a hedge fund in the asset management industry.

Currently, I live in China on a Q2 (探親) visa which allows me to stay in China for 180 days upon each entry. I have been using this visa since 2015. Although I spend more time in China than Canada, my tax residence and permanent residence are still Canada, therefore Canada is my primary country of domicile.

I can speak 5 languages, English, Mandarin, Cantonese, Japanese, French. I can read and write Korean. Every language has given me a unique insight into various cultures and enables me to more effectively communicate with friends and coworkers from different backgrounds. Having lived in a variety of countries, my background is an unique mix of Eastern and Western cultures, very similar to that of HK, which makes me a very suitable applicant of the QMAS program.

I have worked in Hong Kong for 2 years, which made me fall in love with Hong Kong. Being a connoisseur of international cuisine, Hong Kong's collection of authentic worldwide cuisine has always amazed me. In addition, HK's hiking trails are absolutely stunning. Compared with other cities, HK's natural trails are unparalleled both in terms of natural beauty, abundance and hiker friendliness. After a week of hard work, I would often climb up the Dragon's Back to enjoy the soothing ocean breeze in Shek O, or undertake a physically exhausting yet immensely satisfying journey through the Maclehose Trail in Sai Kung. I truly love Hong Kong.

I would like to express my gratitude for your time in processing my application and I sincerely look forward to hearing from you soon.
